

## East of Scotland Research Ethics Service (EoSRES)

### Expert Members wanted for UK NHS Research Ethics Committees

-  Review and issue ethical approval for a wide range of healthcare research study applications, including Clinical Trials of Investigational Medicinal Products (CTIMPs), from across the United Kingdom
-  Be a member of a recognised, accredited UK-wide NHS Research Ethics Community
-  Be part of an interactive, dynamic and supportive group of expert and lay members
-  Access to Health Research Authority and other expert-led training in a wide range of medical, healthcare and scientific subjects with costs and travel supported
-  Opportunities for promotion to leadership/officer positions within Committees
-  Free attendance at all Scotland Research Ethics Annual Symposiums and CPD points

**The East of Scotland Research Ethics Service is looking for professionals holding GMC, NMC, GPhC or HCPC registration to join its NHS Research Ethics Committees**
