

cCOG Team Charter

Team Purpose

This team was formed: To represent commercial sponsors and industry partners of clinical trials and ensure the UK remains competitive and a key player in the global clinical trials environment.

We exist to: Develop common understanding and support for streamlining clinical trial conduct in UK, promote knowledge sharing and identify best practices.

We work to: Support UK initiatives through engaging with key players in the UK clinical research environment.

In a way that: Promotes active patient and investigator participation in delivering quality research in the UK.

Vision

To **promote and facilitate** commercial clinical research in the UK in **partnership with NHS organisations** to ensure **highly competitive performance** within the global arena by delivering to **time and quality**.

Operating Guidelines

How we interact/communicate:

cCOG holds quarterly face to face meetings at the ABPI Offices, London. These may be supplemented by ad hoc team/sub-team teleconferences should the need arise.

Members are required to attend a minimum of 3 meetings annually to retain membership and absences should be covered by an appropriate delegate from their organisation.

Meeting minutes, including presentations from guest speakers (with their permission), will be distributed to all Member Companies. cCOG will make available the cCOG Charter, list of Member Companies, listing of future Meeting Dates and details of meeting topics and presenter (by permission) after each meeting through postings on the **Industry pages of NHS Research Scotland (NRS) and Health & Care Research Wales websites**.

cCOG information and updates can be found at the following links

[NHS Research Scotland/Industry](#)

[Health and Care Research Wales/Industry](#)

Members are encouraged to use the cCOG meeting minutes to provide cCOG updates with colleagues and when representing cCOG at other forums/meetings (see below).

	<p>cCOG members have agreed that for 2018, objectives will not be set – instead meetings will become more interactive and focus on opportunities to discuss hot topics, shared experiences and best practices.</p>
<p>Key Stakeholders</p>	<ul style="list-style-type: none"> • ABPI • CREN • RMG • R&D Forum • HRA • NIHR • NRS • NICRN • Health and Care Research Wales
<p>2018 Meeting Overview</p>	<p>2018 Meeting Summary – Wednesday 26th September, presenters detailed below have given consent to be contacted for more information in relation to topics -</p> <ul style="list-style-type: none"> • Alastair Nicholson, Senior Development Manager for HRA, provided details on; Brexit & plans for CWOW to allow a single submission covering ethics, HRA and MHRA, ARSAC and proposals to resolve delays in issuing Institution licenses, launch plans for the new GDPR compliant mCTA and the status on NHSE consultation. • Lydia Vitolo, Senior Industry Manager, Health and Care Research Wales, provided news on Welsh ongoing plans for alignment with England and requirement to use mCTA template (as for England) and status on the ‘one cost one contract’ approach in Wales. • Steven Burke, Industry Liaison Manager for NRS, updated cCOG on the single CDA for Scotland approach covering all 14 health boards that should be available mid Oct18, which is non-mandatory and the alternative is to establish CDA with each HB. The Scottish generic review group are investigating to ensure alignment with England/Wales. Further Scottish R&D finance departments have escalated the issues they face with invoicing from different sponsors with the intention to engage sponsors and simplify the process. • Lorraine Fincham, Head of Commercial Business Development for NIHR, provided an update on the National Improvement Plan and shared life sciences industry - YouTube webinar promotion : https://www.youtube.com/watch?reload=9&v=r1_6ZNKsEwU&feature=youtu.be including a reminder of the NIHR CRN National Industry Event 2018, 10th October. • Clinical Trial Specialist Apprenticeship Degree was reviewed – the Trailblazer group was established March 2017 looking to utilise the apprenticeship levy funds that Industry are required to pay, which can be used to fund the £26K five year degree course with institutes of Higher Education (relevant in England only). To date, trailblazer group companies are able to offer ~20 places from Sept '19. • Feedback from members attending key stakeholder groups – • NHS Costing team have been disbanded pending the new on-line costing tool, which will be critical in supporting the new ‘single cost’ model across NHS England. The latest costing template (effective 3rd October) has some additional detail – it is recommended to use for all new studies from 1st October rather than to switch over for any ongoing negotiations. • RoadMap Group shared revised ‘Site Identification’ form which now covers social care, Primary and Secondary care. ABPI offer ‘Brexit Updates’ monthly

	<p>calls reviewing impact on Industry and general overview. September meeting was the first RMG meeting where NRS and HCRW attended.</p> <ul style="list-style-type: none">• Summary slides from R&D Forum group were made available to the cCOG members – representatives from R&D Forum will be attending future meetings.• Hot topics discussed included Caldicott reviews being performed at some Trusts, acceptance of e-signatures on study contracts, equipment indemnity issues, industry BREXIT preparation activities, sites' acceptance of risk-based monitoring and format for site file document archiving as CDs are no longer valid amongst other topics
	Next meeting Wednesday 12 th December 2018.
